THE DECISION

Know what matters.
Before the conversation.

Turn scattered records into a clear renewal discussion. Review evidence, resolve conflicts, and keep the producer in control.

AUTHORIZED DATA

Real records. Authorized scope.

9
Authorized clients

2
Producers

$5.44M
Annual premium

Jordan Davis 5 clients · $3.33M

Priya Nair 4 clients · $2.11M

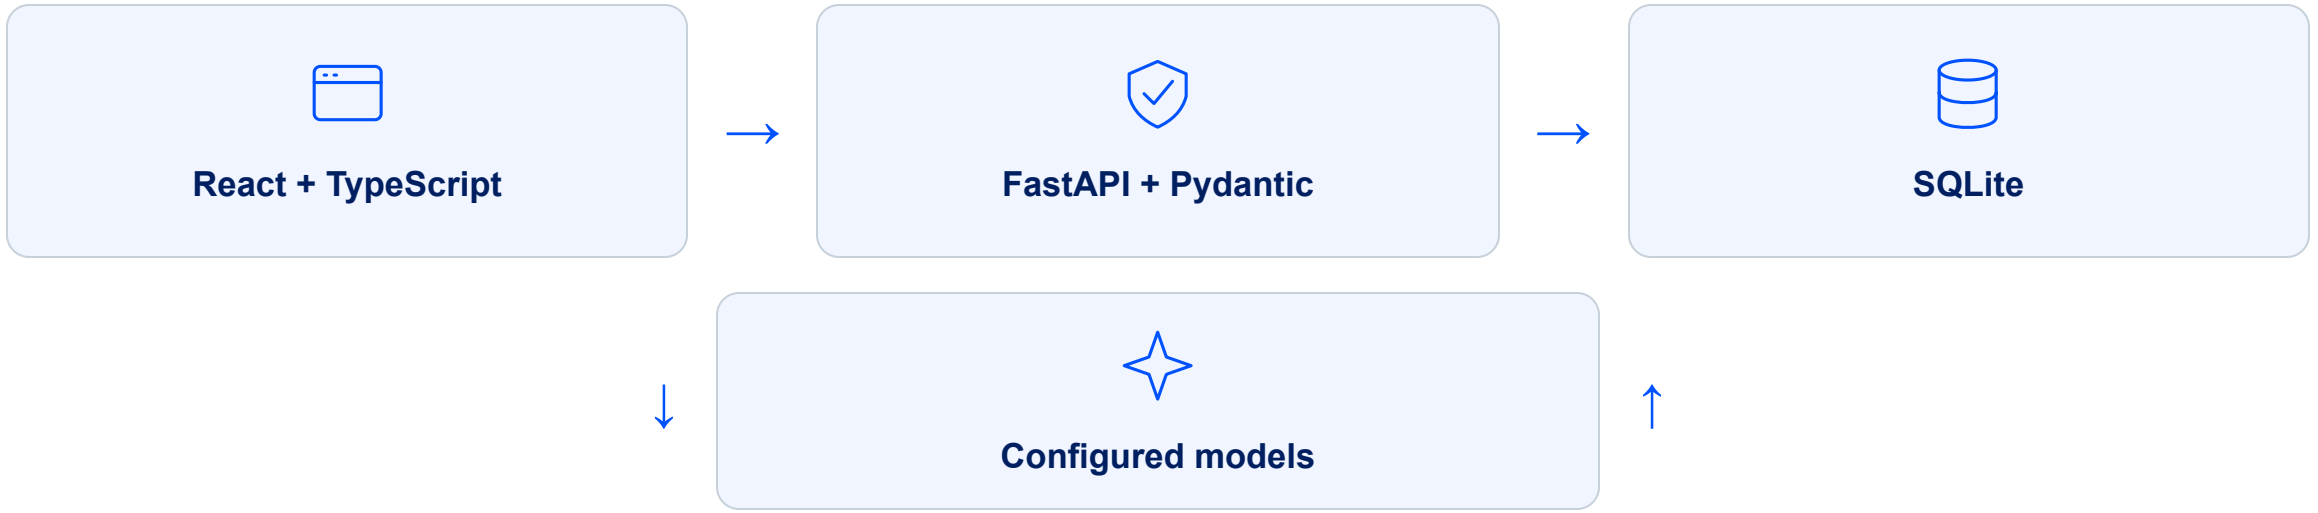

10 source clients; Harbor excluded by access rules.

> Synthetic assumptions: 12% commission; 35% paid loss; 100% retained demo outcomes.

ARCHITECTURE

Simple boundaries. Clear responsibilities.

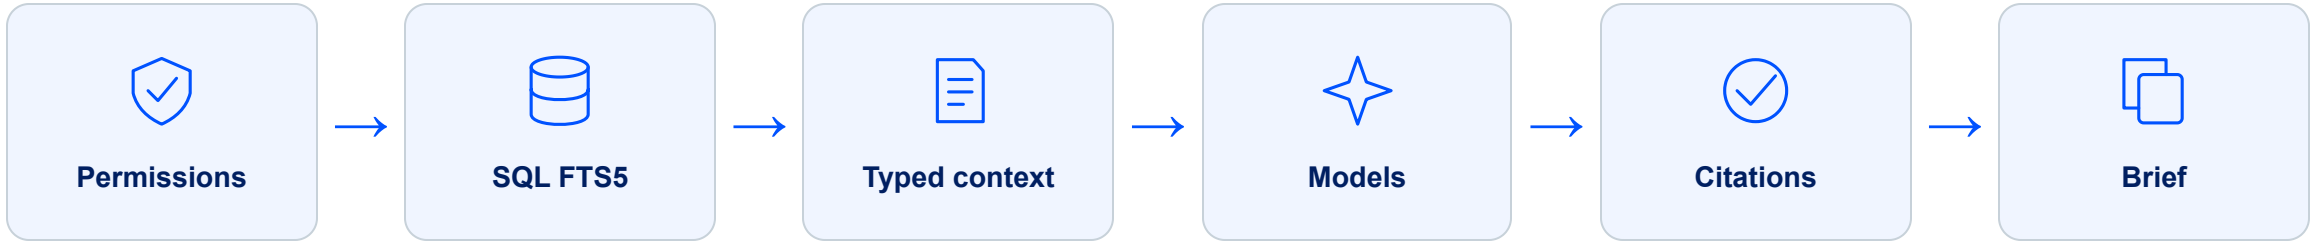

Permissions and typed contracts protect every boundary. Business records stay relational; AI produces a reviewable brief.

GROUNDED AI

Evidence travels with the answer.

Retrieve permitted evidence, validate structured output, and resolve canonical citations. If AI is unavailable, show a labeled source-based fallback.

User and source hashes prevent stale reuse.

CURRENT EXPERIENCE

Prepare clearly. Act deliberately.

Producer

Select client. Read the brief. Inspect sources. Edit and copy a draft manually.

Regional Leader

Prioritize renewals. Open client preparation. Review the database-backed dashboard.

No autonomous messages, policy changes, or coverage binding.

EVIDENCE & DEMO

A working foundation. Honest limits.
